

## **Job Role: Infrastructure Electrical and Mechanical Team Member**

**Location:** Wednesbury, West Midlands

**Salary:** £30,301

**Position:** Full Time, Permanent

West Midlands Metro is the name for the region's popular and growing tram network, operated by Midland Metro Limited. Midland Metro Ltd is owned by the West Midlands Combined Authority. It is an inspiring time for Midland Metro Ltd as the Combined Authority delivers a £1.3 billion investment plan set to significantly expand the tram network, bringing even greater connectivity to people, places and business.

### **The Role**

We have an exciting opportunity for an Infrastructure Electrical and Mechanical Team Member to join our team to support our mission in providing a safe and dependable tram service. Undertaking work to MML Mechanical and Electrical Infrastructure, ensuring it is carried out in a safe and efficient manner, compliant with applicable standards.

### **Key Responsibilities**

- Ensuring inspection and maintenance tasks are being completed in a timely manner and in compliance with the planned maintenance schedule.
- Ensuring the work tasks follow the correct procedures.
- Report all work activities and faults to the E & M Team Leader.
- Complete all relevant paperwork in a timely manner and/or update the Asset Management Information System.
- You'll maintain and repair all electric / electronic equipment at West Midland Metro substation and all communication equipment to MML stops.
- All maintenance and repairs to West Midland Metro stops and communication equipment.
- You'll oversee contractors carrying out planned work at depot and offices in Wednesbury.
- Assisting in project working and design of installations.
- Assisting with the development and continued improvement of the Asset Management Information System

**Please see the full list of responsibilities on the Job Description attached.**

### **What you'll need:**

- You'll hold Electrical and Mechanical qualifications or equivalent experience.
- IOSH qualification would be advantageous.
- Experience of working within the light rail industry or similar maintenance environment.
- Strong working knowledge of rail or light rail infrastructure or similar complex mechanical, electrical, electronic, hydraulic and pneumatic systems.
- Good working knowledge of electrical/mechanical systems.
- Experience of using computer based diagnostic equipment.

### **What do we offer in return?**

- Competitive Salary
- 25 days holiday and bank holidays
- Free travel on West Midlands Metro and National Express bus services for you and your partner
- Contributory Pension Scheme
- Life Insurance

- Discounted Gym Membership
- 24/7 365 Employee Assistance Programme (EAP)
- Company Uniform
- Full Training

**Closing Date:** 24<sup>th</sup> March 2022  
**Interviews From:** 28<sup>th</sup> March 2022 (onwards)  
**Start Date From:** April 2022
